

Remove

A concentrated general purpose liquid detergent with powerful wetting and penetrating properties. Remove incorporates the features of emulsification, solvency and detergency in a liquid concentrate.

Typical Properties

An all-purpose detergent, ideally suited for use where routine cleaning operations are varied and require a versatile cleaning agent. When used as directed Remove is safe on all surfaces, painted or natural.

Operating Conditions

50 litres of Remove added to 150 litres of water will give 200 litres of a 10% active detergent. This product can be diluted further to suit requirements of the cleaning operation.

Dilution:

- Machinery, floors and walls - 1-5%

Steam and high pressure cleaning:

- Engines and heavy plant - 3-5%

Handling, Safety & Storage

Product is not considered harmful, but good work practice should be followed. Use in well ventilated area. Store in cool area. PPE should be a requirement with all chemically formulated products as precaution, dust mask, gloves, goggles and apron.
