

## Petra

---

A germicidal hand soap.

### Typical Properties

Petra is used in hotels, restaurants, hospitals, food processing industries and offices. It is a toilet hand soap having a pleasant appearance and fragrance. Contains emollients and skin conditioners as well as a germicide. Flows easily through most dispensers.

### Operating Conditions

Wet hands and apply about a teaspoonful. Rub in well and wash away with clean water to leave the hands in a soft pleasant perfumed condition. Product is not corrosive to soap dispensers.

### Handling, Safety & Storage

Product not considered harmful, but good work practice should be followed. Store in cool area.
