

Bio Remove

A concentrated high performance industrial detergent with degreasing and penetrating, grease cutting properties.

Biodegradable:

Contains no harmful nonyl phenol ethoxylates.

Typical Properties

An all-purpose detergent, ideally suited for use where routine cleaning operations are varied and require a versatile cleaning agent. When used as directed Bio Remove is safe on all surfaces, painted or natural.

Operating Conditions

5 litres of Bio Remove added to 100 litres of water will give 5% active detergent. This product can be further diluted to suit the requirements of the cleaning operation dependant on the degree of soiling.

Steam and high pressure cleaning:

- Mechanical engine parts and industrial plants - 3-5%
- Abattoirs and general industry with excessive soiling - 5%
- General purpose cleaning - 2-4%

Handling, Safety & Storage

Product is not considered harmful, but good work practice should be followed. Use in well ventilated area. Store in cool area. PPE should be a requirement with all chemically formulated products as precaution, dust mask, gloves, goggles and aprons.
